ORANGE COUNTY RESORT – COORG ★★★★★

Karadigodu Post, Siddapur, Coorg , Coorg , Karnataka,571253

Orange County Coorg: When you step into the portals of Orange County, Coorg, you leave one world behind, and step seamlessly into another: the bygone era of the Gentleman Planter, ensconced in the cocooned comforts of a lush plantation paradise, perfumed with the subtly intoxicating aroma of coffee and spice.

Bordered by the legendary river Cauvery, and surrounded by virginal forests, this 300 acre working plantation resort perched at a height of 800m, gives you the most luxurious introduction yet, into the deepest secrets of this mystic mountain. Come, allow the spirit of the land to infuse your very being, and coax you gently on a personal voyage of discovery.

Hotel Facilities: Orange County, Coorg, comes equipped with an array of facilities designed to help you forget the world you've left behind. From out of the world dining destinations, to a large communal pool and an exclusive infinity pool, to a romantic coffee lounge and library, and an esoteric Ayurvedic Spa, Orange County offers the kind of facilities and services that make this destination a journey in itself. The facilities the resort offers include an Ayurveda village, swimming pool, a kids' swimming pool, gymnasium, 'Robusta', a health spa with sauna, steam and Jacuzzi, a children's play area, games room with video games, and laundry services. There is a provision for indoor games such as table tennis, carom and other board games. You can also enjoy a game of badminton at the resort or browse through the books and magazines present on the premises, or go for a game of golf.

Rooms & Suites: Coffee, Spice, and Plantation life. What better way to truly enjoy the 'Orange County Experience' than by letting oneself go in the sinfully luxurious Plantation Style Cottages and Kodava styled Private Pool Villas spread in delightful clusters around the 300 acre working estate. While the cottages offer you a glimpse into the privileged life of the gentleman planter, the private pool villas are inspired by ethnic Kodava architecture and offer the ultimate in luxurious seclusion. Whichever category of accommodation you choose, you can rest assured that no expense nor effort has been spared to provide the finest lodging experience in the world. Considering the vast amounts of energy required, we have not provided for heated pools or jacuzzis at the resort. Thank you for helping us meet our Responsible Tourism objective of keeping our ecological footprints small.

Dining: The resort has a range of eating options. Granary restaurant is all about abundance, be it the gourmet continental spread or the Indian repast, with a strong Kodava flavor finding expression in the signature Pandi Curry (spiced curried pork) and other gems from the ethnic melting pot. The Peppercorn, a speciality restaurant, pays homage to the humble Kebabs and Grills, and serves up unlimited platters of their finest specimens in a serene setting overlooking the private lake. The Plantain Leaf is set amidst verdant coffee and spice plantations and serves an array of North and South Indian vegetarian delicacies. The resort also has a coffee lounge.
